## Celebrating May Day

Beyond a doubt, the Greatest Spectacle in Racing is the Indianapolis 500 in May. The 104th "500" is rescheduled for Aug. 23; the last time the race was rescheduled outright was during World War II. The "500" has been postponed three times due to rain.

## SPEEDROME

Racing is just around the corner at the Indianapolis Speedrome, the nation's oldest and most exciting Figure-8 track, at Brookville Road and Kitley Avenue.

There is no definite starting date for the 2020 season due to COVID-19. Track owner Dennis Garrigus is urging race teams and fans to "stay ready."

As the size of public gatherings are allowed, the track can have open practice, tech and registration dates followed by racing.

## Thank you ...

By Al Stille  
Loving husband

Thank you for sending Jane Sharon Burris into my life as an unselfish, loving and wonderful wife and mother of our children. I give you thanks for sharing 53 years of "wedded bliss" with her.

"Wedded bliss" may sound trite, but that's exactly what I enjoyed with her every day of our marriage.

We had similar personalities in many ways and easily could tell the other's mood simply by the tone of their voice. We never argued, well, except once early in our marriage over something so trivial that we soon began laughing. We always held hands in public and that continued throughout our marriage. She also loved me so much that she kept any worries from me so I could enjoy my life and my passion for writing.

She passed away on Thursday, April 23, when she lost all energy in her fight against the ravages of COVID-19 at Franciscan Health where she was admitted April 18. She would have celebrated her 75th birthday on May 11. My entire family deeply appreciates the doctors, nurses and medical personnel who tended to her in the hospital.

The outpouring of love and admiration from her friends in recent days has been overwhelming and reflective of a life that was lived for God and family. Her light shines even brighter after death than during her life.

Looking back, I am convinced that the hand of God led me to meet her in the summer of 1959 at a picnic where each of our parents took us. She went to Greenwood High School and I went to Speedway High School; I was one year ahead of her. Eventually, I was brave enough to call her on the phone and, once I got my driver's license, we began dating.

She had a fascinating background. She was born in Oxford, England, and a descendant of a traveling Methodist minister, Henry Woodcock, who founded the first churches in and around Hull and wrote many books. Jane's mother, Nancy Woodcock Burris, was among civilians who were at Bletchley Park during World War II. Her dad, James Burris, was in the U.S. Army Air Corps in England when they met.

## GOD BLESSES ME WITH THREE

Monday at 10:22 a.m., I was blessed with my second grandson, Aiden William Matthew Smith. He is the son of Kayla and Austin Smith (my oldest son); and brother to 8-year-old sister, Andie.

He weighed in at 9 lbs., 15 ounces and measured 22-1/4". Yes, we have big babies.

This has been different and emotionally hard by not being able to witness the birth and hold him, as well as, not seeing AJ, my 8-year-old grandson from Maria and Alex Smith (my youngest son) and Andie during this social distancing.

I did get to visit the two older ones on Easter from a distance.

Mimi is ready for a sleepover filled with eating at Margarita's, laughing, playing games, swimming, watching movies and eating popcorn.

Being a parent is a gift, but being a grandparent is an even bigger gift, because you can play and spoil and then they go home so you can rest. Great job Kayla and Austin. Thank you God for continued prayers and health.

Aiden

AJ

Andie

Aiden looks so big, until he's in the arms of Daddy, who is 6-5. Austin weighed 10 lbs., 13 ounces and was 22-3/4" when he was born May 11, 1988.

## Personal Recollections By Fred Shonk

### A GREAT TIME TO RECONNECT

We are a few months into this coronavirus-19 pandemic. We seem to be kept up to date by the national media on all phases of what is happening and what we might be dealing with in the future.

I have a good friend who doesn't seem to understand what is going on. His name is Stuart, my canine buddy and 15-year-old therapy dog. We have been visiting nursing homes and schools for about 11 years.

I have often seen reports on television about how busy and stressful the lives of all hospital and nursing home workers are now. Visitors are not allowed. I often think about how lonesome the patients and residents become. In most cases, they know and understand why they can't have family and friends visiting; it's hard on the families too.

Stuart has absolutely no understanding of why we have not visited nursing homes for over a month. Sometimes, I have a feeling that he thinks that he might have done something that caused us to not be allowed to make our visits.

Several years ago, Stuart somehow figured out the days of the week. Our nursing home visits had always been on Tuesday mornings. He would start pestering me around 9:30 a.m., a reminder to get ready for our visits. The first three Tuesdays of the stay-at-home mandate, he tried very hard to get me up and going. I tried my best to explain to him what was going on; it never did work.

Now, he seems to be operating like most of us. Stuart has no idea what day of the week it is and seems sad.

On Thursdays, we visited Beech Grove Central Elementary in the morning and South Grove Intermediate in the afternoon. Students in both schools would read stories to Stuart and me. With schools closed, the weeks have been very long.

We have been lucky to have had some nice weather. This has allowed folks in our neighborhood to get outside and do some yardwork. Keeping our six-foot social distance, it's just so wonderful to see and visit with our neighbors.

I make a monthly calendar to remind myself of meetings, lunches, appointments and other commitments. My May calendar is almost blank. My Southport High School class was supposed to celebrate our 60-year reunion which has been cancelled.

So many changes will take place when the pandemic ends. Small businesses that are closed now will really need our help when they reopen. As I was driving up Madison Avenue last week, I saw a "For Sale" sign on the Longacre Bar and Grill. That building was once a house that my folks owned and where I grew up. I hope somehow that business can continue to serve the Southside.

Staying in contact with friends is important. For many years, if someone asked me how I was doing, I replied, "Not bad for a Monday." It didn't matter what day it was, and my reply sometimes confused folks. Now it's not as much fun because some of us have no clue as to what day it is. I'm still going to respond the same way.

That said, this is a great time to reconnect and reach out to friends – please call them. Make your friends smile and have a safe week.

# HOROSCOPE: It's in the stars!

**ARIES** (March 21 to April 19) Temper your typical Aries urge to charge into a situation and demand answers. Instead, let the Lamb's gentler self emerge to deal with a problem that requires delicacy.  
**TAURUS** (April 20 to May 20) You are aware of what's going on, so continue to stand by your earlier decision, no matter how persuasive the counter-arguments might be. Money pressures will soon ease.  
**GEMINI** (May 21 to June 20) By all means, have fun and enjoy your newly expanded social life. But don't forget that

some people are depending on you to keep promises that are very important to them.  
**CANCER** (June 21 to July 22) You need to wait patiently for an answer to a workplace problem and not push for a decision. Remember: Time is on your side. A financial matter needs closer attention.  
**LEO** (July 23 to August 22) You now have information that can influence that decision you planned to make. But the clever Cat will consult a trusted friend or family member before making a major move.

**VIRGO** (August 23 to September 22) Good news: You're finding that more doors are opening for you to show what you can do, and you don't even have to knock very hard to get the attention you're seeking.  
**LIBRA** (September 23 to October 22) Your gift for creating order out of chaos will help you deal with a sudden rush of responsibilities that would threaten someone less able to balance his or her priorities.  
**SCORPIO** (October 23 to November 21) Congratulations. Your energy levels are coming right back up to normal

-- just in time to help you tackle some worthwhile challenges and make some important choices.  
**SAGITTARIUS** (November 22 to December 21) The sage Sagittarian should demand a full explanation of inconsistencies that might be cropping up in what had seemed to be a straightforward deal.  
**CAPRICORN** (December 22 to January 19) A conflict between obligations to family and to the job can create stressful problems. Best advice: Balance your dual priorities so that one doesn't outweigh the other.

**AQUARIUS** (January 20 to February 18) Don't guess, speculate or gossip about that so-called mystery situation at the workplace. Bide your time. An explanation will be forthcoming very soon.  
**PISCES** (February 19 to March 20) Boredom might be creeping in and causing you to lose interest in a repeat project. Deal with it by flipping over your usual routine and finding a new way to do an old task.  
**BORN THIS WEEK:** You can warm the coldest heart with your lyrical voice and bright smile. You find yourself at home, wherever you are.
