Air Bears crowned world champs

The Indy Air Bears were crowned world champions in multiple events at the World Jump Rope Championships earlier this month in Orlando, Fla.

Allison Taylor, Grace LaVier, Elise McQueen, Eric Hinojosa, Katie Tyson and Morgan Golay combined to earn grand champion awards in four double Dutch events.

While the Asian teams from Japan, South Korea, Hong Kong and China were champions in most of the speed events, the Air Bears won four of the five freestyle competitions.

The Air Bears competed in the junior, senior and open divisions. In addition to the grand championships, 19 members received medals in the first round of their respective event/age divisions.

The team is coached by Niki Glover, former physical education teacher at Arlington Elementary School in Franklin Township, where the squad is based. The five-day tournament showcased 900 competitors from 30 countries.

Grand champions for the Indy Air Bears are (from left) Eric Hinojosa, Katie Tyson, Morgan Golay, Allison Taylor, Elise McQueen and Grace LaVier.

The Air Bears feature (front row) Elise McQueen, Grace LaVier, Morgan Golay, Allison Taylor, Katie Tyson, Eric Hinojosa; (second row) Taylor Nicholson, Jaylyn Coffey, Phelan Sloan, Evelyn Medina, Ella Beck, Abby Adams; (third row) Meghan Barber, Bella Agresta, Gabby Beck, Emily Robinson; (back) Lilith Schultheis, Kynlie Sanders, Denver Hammons, Kristen Rue, Dante Agresta and Blake Long.

Karate is much more than a martial art

By B. Scott Mohr
 Editor

Mario Hinojosa and France Tokach were not overly impressed when introduced to Shihan's Kandan Karate about three years ago. But oh how that has changed.

Mario, a junior at Perry Meridian, and France, an eighth-grader at Little Flower, have grown to love the martial art, and they earned their black belts July 14 at Garfield Park's Burrello Family Center, where classes are offered. They were tested on self-defense, techniques and their knowledge of Japanese terminology. And as black belts they are qualified to teach.

France, whose mother, Kary Dangler, died suddenly in December, has found karate to help her cope with the loss. She's at the center from 6-8 p.m. every Tuesday and Thursday and from 10 a.m.-noon Saturday for practice, as is Mario.

"I like the people I practice with, and I even practice at home," said France, the school's youngest black belt ever. "It's not easy, and it requires a lot of discipline. I feel that I can protect myself, and I plan to continue with karate for a long time."

"I don't talk too much about karate, but I told my classmates that I was going for my black belt."

"Karate has been the best therapy possible for France," said Shannon Pool,

France Tokach has earned a black belt under the guidance of Don Schenk.

Mario Hinojosa prepares to break a board.

Lt. Allan Memorial, new city building open house Friday

By Al Stille
 Senior staff writer

One of the most significant days in Southport's history unfolds Friday with the dedication of a memorial for Lt. Aaron Allan, who was killed in the line of duty last year, and the official opening of the city's new Municipal Building.

On the first anniversary of Allan's death, the memorial unveiling ceremony begins at 2 p.m. outside the new municipal building at 137 Worman St. with an open house from 3-6 p.m.

Allan, Southport's 2015 Officer of the Year, was fatally shot July 27, 2017, after responding to an accident on Madison Avenue. He served as a reserve officer with the department for six years before becoming the first full-time paid officer in January 2017.

He is survived by his wife, Stacy, and sons TJ and Aaron Jr.

Contributions are being accepted to help fund the department's training and equipment room; \$100 per

person, \$250 per business. Each contributor's name will be on the memorial wall.

The building is the new home of the police department, offices for the mayor, clerk-treasurer, Board of Works chair, Parks Department director and a meeting room. The police department goes from 300 square feet to more than 7,500 square feet.

Chief Thomas Vaughn explained that

Church music director building virtual organ

By Al Stille
 Senior staff writer

The sounds of pipe organs from England, Poland, the United States and virtually from around the world will fill the sanctuary at Greenwood United Methodist Church as Drew Worthen has taken his love of the pipe organ to a new level.

The church's fifth-year music director is close to finishing up an organ based on the Hauptwerk Virtual Pipe Organ platform, which utilizes the most modern digital technology to incorporate the sounds of the world's great pipe organs.

"The difficulty always has been in the attempt to play music from one period in time on a pipe organ that is not from that same period," Worthen said. "We are at a point in history that we can do that digitally now."

By recording each pipe of a specific pipe organ, Worthen explained, the exact sound of each pipe in stereo or surround sound is replicated with the virtual organ. Each sound is recorded then entered digitally into a computer and distributed to 50 speakers.

At Greenwood UMC, the organist eventually will use a console built in 1965 that Worthen bought two years ago from the former Olive Branch Christian Church.

He added a fourth keyboard and refinished the console. Three rectangular "windows" in the new front will house small LCD screens that will give a real-time read out of vari-

Drew Worthen

ous aspects of the organ. Three screens can display information on expression pedal positions, loaded registrations, static text, tunings, etc. It will have a "setter" board.

Worthen, who earned a master's degree in music theory and composition at Butler University, has put his building skills, music knowledge and audio/visual technology skills to work from his full-time employment at Sensory Technologies.

Subaru dealer donates to Franciscan cancer patients

Patients at Franciscan Health Cancer Center now have something to warm up with while undergoing treatment and at home, thanks to Dreyer & Reinbold Subaru and The Leukemia & Lymphoma Society. Accompanied by Franciscan staff and society officials, representatives from the Greenwood auto dealer recently visited the center to deliver 80 blankets and thermal bags to be distributed to patients. The donations are part of the "Loves to Care" program, a health-focused initiative of Subaru's national philanthropic platform. Blankets were presented to two patients undergoing treatment at the Franciscan Health Indiana Blood & Marrow Transplantation unit, which specializes in treating leukemia, Hodgkins or non-Hodgkins lymphoma, multiple myeloma and other blood disorders. "Our goal is to bring some degree of comfort to cancer patients as they undergo treatment," said sales manager Andy Thimlar.

James Parent Jr., a patient at Franciscan Health Cancer Center, receives his blanket during a visit with (from left) Dr. Anand Tandra, Mark Brown of Dreyer & Reinbold, Eric Kett and Michelle Nees.

STRANGE BUT TRUE

By Samantha Weaver

* It was French playwright Albert Guinon who made the following sage observation: "There are people who, instead of listening to what is being said to them, are already listening to what they are going to say themselves."

* You may not be surprised to learn that, according to a poll conducted by The Associated Press, Americans hate math twice as much as any other subject.

* A study published in 2008 showed that the price of a pain medication had an effect on its efficacy. In the study people were given placebo pills, some at the regular price and some at a discounted price. Those who paid full price for the medication reported more relief than those who paid less.

* During Elizabethan times, it was customary in England for a wife to wear her wedding ring on her thumb.

* It seems no one can adequately explain the reason why women tend to strike matches away from themselves, while men tend to strike them toward themselves.

* The town of Waco, Texas, has an entire museum dedicated to the popular soda Dr Pepper. Even more surprising is the fact that it gets more than a hundred visitors a day, on average.

*** Thought for the Day: "It's hard to be religious when certain people are never incinerated by bolts of lightning." -- Bill Watterson

HOROSCOPE

ARIES (March 21 to April 19) A longtime situation starts to move into a new phase. The question for the uncertain Lamb right now is whether to move with it. Facts emerge by midmonth to help you decide.

TAURUS (April 20 to May 20) A talent for organizing your priorities allows the Divine Bovine to enjoy a busy social life and not miss a beat in meeting all workplace and/or family commitments.

GEMINI (May 21 to June 20) What began as a dubious undertaking has now become one of your favorite projects. Your enthusiasm for it rallies support from other doubters-turned-believers.

CANCER (June 21 to July 22) Accept the help of friends to get you through an unexpectedly difficult situation. There'll be time enough later to investigate how all this could have happened so fast.

LEO (July 23 to August 22) Change is a major factor for the Big Cat through midmonth. Be prepared to deal with it on a number of levels, including travel plans and workplace situations.

VIRGO (August 23 to September 22) You might not like all the changes that have begun to take place around you. But try to find something positive in at least some of them that you can put to good use.

LIBRA (September 23 to October 22) A family member's unsettling experience could create more problems if it's not handled with care and love. And who's the best one to offer all that? You, of course.

SCORPIO (October 23 to November 21) It might not be the right time for you to start a new venture. But it's a good time to start gathering facts and figures so you'll be set when the GO! sign lights up.

SAGITTARIUS (November 22 to December 21) The sagacious Sagittarius should have no trouble deciding between those who can and those who cannot be trusted to carry out a workplace commitment.

CAPRICORN (December 22 to January 19) Surprise, surprise. It looks as if that one person you once thought you could never hope to win over to your side suddenly just might choose to join you.

AQUARIUS (January 20 to February 18) You might have to set aside your pride for now and accept a change that isn't to your advantage. Cheer up. There'll be time later to turn this around in your favor.

PISCES (February 19 to March 20) Your creative self emerges as dominant through midmonth. This should help you restart that writing or arts project you've left

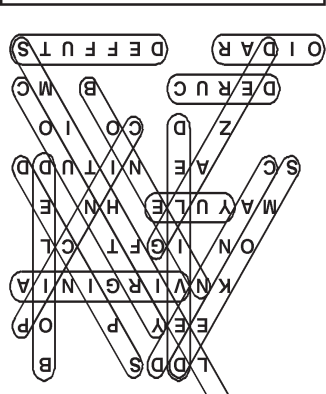

on the shelf for far too long. BORN THIS WEEK: You have a way of encouraging others by example to come out from the shadows and enjoy life to the fullest.

CAR NUTZ

Cruisin' in a 1969 Dodge Charger

About 17 years ago Bob Beisel found his dream car – a 1969 Dodge Charger. Chrysler produced only 7,300 of them. It was a Detroit car, and Bob's closest friends advised against it due to extensive harsh winter weather that the car had experienced.

But Bob was smitten and the car came to Indy and the full-on restorations began. It took three years to complete the long list of repairs, which included all new floor pans due to rust. There was rewiring throughout the dashboard with added wood grain accents.

While Bob redid the upholstery, most work was done at professional workshops.

The engine shows off a single Holly four-barrel carburetor capable of producing 330 horsepower. New leaf springs are home to 50 series tires in the front and 70s in the rear. The Cragar wheels are the original ones that came with the car.

The owner's proudest moment came six years ago when he won a 6-foot trophy in Dublin, Ohio. The show featured 2,000 cars, and Bob finished in the top 10.

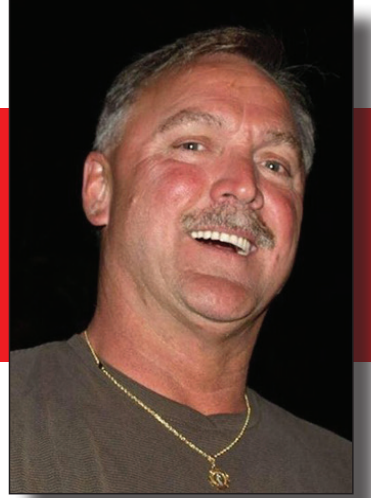

Bob, and his wife, Diane, are avid car enthusiasts and can be found at many cruise-ins and shows on the Southside.

Until next time, happy cruisin'!
