Strange BUT TRUE

By Lucie Winborne

- * A double rainbow occurs when sunlight is reflected twice inside a raindrop. Look closely, and you'll see that the colors of the secondary rainbow appear in reverse order.
- * Blood makes up about 8% of your total body weight.
- * We hate to break it to you, but Wendy's chocolate Frosty is actually half chocolate and half vanilla, because owner Dave Thomas thought an all-chocolate treat would be too overpowering when paired with the chain's burgers and fries.
- * An Oscar trophy has a raw value of about \$600.
- * A 1907 ad campaign for Kellogg's Corn Flakes offered a free sample of cereal to any customer who would wink at their grocer.

Ruben Perez visualized having his own restaurant when he was growing up in Mexico, but little did he know that one day he would meet and exceed that goal in a community where he and his wife Rachel would become a fixture.

In 2017, Rachel was a nursing student when Ruben said that he wanted to do something that would allow all of their family members to work together. It was time to find something for the family and he made it happen for them.

So, their quest began in earnest to find a facility to open where they could serve the public. "We had been searching for months without any success, but on this one day we had been driving around for over three hours until we came across this sign that read, "space for lease," Rachel said.

Rachel explained to the *Southsider Voice* that several friends were going together on this venture which is how they came up with the name for the facility, but some of them changed their mind and backed out of it, nevertheless, Ruben decided to still call the place, "Friends." Their first restaurant thrives in Whiteland.

She went on to explain that they put their plan together on how to run it in a period from March to August. "Ruben had a vision and he chased it," Rachel said. "I was nine months pregnant when we got the key to open the facility. It was exciting times."

He is from Mexico and she is from Fort Wayne, but the two have acclimated so well into the community that one meeting with them would have one think they have been lifelong residents of the area.

One of Friends long-time staff members, Valerie Schlenz, is managing their new second location on the Southside located at 3915 Madison Ave.

"This place is amazing and the food and service is so good that if you do not get to the place early enough, you may be looking at a long wait," Schlenz said. "I have been impressed by the loyalty of the customers who return to the restaurant to get the homemade dishes we serve."

Schlenz explained to the *Southsider Voice* that it is more

Judy and Steve Nuckles, pictured with their server, are regulars and stated they really enjoy the food.

than good food and service that makes Friends a special place. "Recently, I had a hard time because my father passed away, but the staff went out and got the Christmas stuff my kids wanted and surprised our entire family."

Schlenz said her favorite part about working at Friends is the customers because they are so friendly and welcoming.

Ruben, Rachel, Valerie and the rest of the staff are looking forward to seeing you at either their locations in Whiteland at 989 N. U.S. 31 or the Southside location at 3915 Madison Ave.

ROTHROCK SHOWS SAME FORM, MORE HONORS

(SUBMITTED PHOTO)

University of Florida freshman pitcher Keagan Rothrock (Roncalli Class of 2023) shows the same form as a Gator and with two honors during the second week of the new collegiate season. Rothrock was named the D1 National Freshman of the Week and Southeastern Conference Freshman of the Week. The SEC honor came after picking up a pair of wins against Jacksonville and Georgia Southern. In two complete games, Rothrock struck out 17, gave up only three walks and one run. Rothrock and freshman pitcher Ava Brown combined for a one-hitter against Oregon State in the season opener, the first time Florida had two freshmen achieve that feat since 2002. Then Saturday, she threw Florida's first no-hitter at their home field since 2016 against Lafayette College, striking out 13 in a 16-0 five-inning triumph. Rothrock leads the Gators and all SEC freshmen with 65 strikeouts. Through Sunday, the Gators were 15-2 and swept their T-Mobile Tournament. Rothrock is 6-2 with an earned run average of 0.83. As a high school standout, she was the 2022 National Gatorade Player of the Year and two-time Indiana Gatorade Player of the Year at Roncalli.

Indy Kiwanis Club honors Roncalli senior with Abe Lincoln Award

(SUBMITTED PHOTO)

Roncalli senior Christian Blaser, middle, holds Kiwanis Circle of Valor Abe Lincoln Award plaque with his sister Eva Blaser and mother Lisa Blaser at recent Indy Kiwanis Club awards ceremony.

Roncalli senior Christian Blaser was named recently to the Kiwanis Circle of Valor at the 49th annual Abe Lincoln Awards.

The program celebrates students who have overcome adversity while achieving success. Blaser was one of only 23 area high school seniors who received the Kiwanis Club of Indianapolis Abe Lincoln Award. The scholarship program was created in 1976 to recognize students who have overcome unimaginable hardships and to provide financial aid to assist them in continuing their goals. Kiwanis aims to guide young people by providing a community that cares about, recognizes, and encourages them.

Blaser was recognized for this award because he navigated the loss of a parent with an incredible amount of grace and maintained a positive outlook on life despite the challenges he has faced, according to awards organizers.

He will attend Ball State University in the fall and plans to study business.

Roncalli principal Kevin Banish expressed his appreciation for Indy Kiwanis and the Abe Lincoln scholarship program that continues to be one of the most impressive and inspirational events to highlight student success.

Roncalli college and career counsellor Steven Freck also expressed his pride in Blaser.

Blaser's sister Eva and mother Lisa participated in the awards ceremony.

Dr. Will receives Healing Hands Award from Franciscan Health

David Will, MD, an internal medicine physician and hospitalist with Indiana Internal Medicine Consultants (IIMC), was named the latest recipient of the Franciscan Health Healing Hands Award.

The Healing Hands Award recognizes physicians for excellence in clinical skills, patient relations, research, stewardship, and reflection of the hospital's ministry values and mission.

Dr. Will has practiced at Franciscan Health on the Southside since 2015.

He was nominated by several hospital staff members for the coveted award.

Dr. Will was described as patient, gentle, makes patients feel welcome, assists when short-staffed, and comforts patients and families.

One recommendation stated, "Dr. Will is an embodiment of Franciscan values and Christ-like care."

Board-certified in internal medicine, Dr. Will earned his medical degree at Rush Medical College in Chicago. He completed his residency training at the Indiana University School of Medicine in Indianapolis.

FOUR CARE NO. 1 AWARDS

Franciscan Health Indianapolis has been named one of America's 250 Best Hospitals for 2024, according to new research released by Healthgrades, a leading resource consumers use to find a hospital or doctor.

Franciscan Health Indianapolis is the only hospital in Indiana to be named to the America's 250 Best Hospitals list for both 2023 and 2024.

In addition, Franciscan Health Indianapolis garnered four No. 1 in-state awards for 2024 for cardiology, critical care, pulmonary care, and stroke care.

The hospital also received the Patient Safety Excellence Award for the third consecutive year in addition to being ranked among the nation's 100 best hospitals for superior clinical outcomes in cardiac care, coronary interventions, and pulmonary care.

These achievements put Franciscan Health among the top-five percent of hospitals nationwide for overall clinical performance and along with numerous other awards.

Franciscan Health CEO and president Lori Price praised co-workers and physicians for their exceptional care and dedication.

To determine the top hospitals for 2024, Healthgrades evaluated risk-adjusted mortality and complication rates for more than 30 conditions and procedures at approximately 4,500 hospitals nationwide.

Research announced by Healthgrades also has recognized Franciscan Health Indianapolis for its achievements in neurosciences and pulmonary care.

The honors are excellence awards for Healthgrades neurosciences, cranial neurosurgery, stroke care, and pulmonary care.

The specialty care achievements were recognized by Franciscan Health administrative director for orthopedics and neurosciences Sharon Annee and Dr. Faisal Khan, medical director for endoscopy and interventional pulmonary in Central Indiana.

Franciscan Health Indy also was recognized by Healthgrades for being among the top five percent in the U.S. for neurosciences, treatment of stroke, and overall pulmonary services.

JOINT PAIN SEMINAR

Franciscan Health will host an orthopedic joint pain seminar for those dealing with hip and knee pain Saturday, March 16 at 9 a.m. in the community room at Franciscan Health at Stones Crossing, 1703 W. Stones Crossing Road, Greenwood.

Timothy Williams, MD, a board-certified orthopedic surgeon with the Franciscan Physician Network, will share information on the latest procedures in joint replacement, managing arthritis and answer questions about related treatment options.

The informational seminar is free and open to the public, but registration is required due to limited seating. To register, call 877-888-1777.

LUNG SUPPORT GROUP

Franciscan Health Indianapolis also hosts a monthly lung support group at the Southside hospital.

Meetings will take place on the third Thursday of each month from 1p.m. to 3 p.m. in the cardiac testing conference room. The first meeting for the year is Thursday, March 21.

The lung support group provides support for people living with lung disease. Meetings include a guest speaker and focus on education and treatment information. Those with lung disease and those who would like help breathing better are encouraged to attend.

A light meal provided and shuttle bus service is available. RSVP for meeting and transportation a week prior to the event.

The lung support group will meet at Franciscan Health Indianapolis, 8111 S. Emmerson Ave., entrance 1 in the cardiac testing conference room.

Personal Recollections

By Fred Shonk & Simon

MICKEY JOHNSON IN THE TRUNK

It is amazing to me when just having conversations with friends, classmates and family will assist me in remembering something that often turns into my weekly article. A couple of weeks ago it was my father's milk route.

I did not mention much about riding with him in his truck on the country route and then downtown Indianapolis to deliver the milk to the dairy. I can still close my eyes and remember riding with him. He always had the radio in the truck on and we listened to radio station WIBC 1070 on the AM dial.

This past week, a neighborhood family from my days living on Madison Avenue has been talked about. We had a great neighborhood and wonderful families. When we opened the Sunoco service station on Madison Avenue, several of our local friends and neighbors became customers.

Things got a bit complicated during the time when Madison Avenue was being updated into a four-lane road. Our service station was in a difficult location. The road was being lowered in that area and it was almost impossible to get vehicles on and off the property.

We also had several school buses and maneuvering them through the road construction was almost impossible. We had the opportunity to lease another Sunoco service station located at the corner of Carson and Hanna avenues. We spread our employees between the two locations. My dad stayed at Madison Ave., and I was dispatched to Carson and Hanna.

Both locations were open from 6 a.m. to 10 p.m. We (the workers) pumped the gas while checking the oil, water, battery, etc., and washing the windows. We also checked the tire pressure and provided free air. Gas was about thirty-three cents per gallon. Things have changed quite a bit.

One morning when I arrived to work at 6 a.m., I noticed a car parked directly in front of the main customer door to the building. I immediately recognized the vehicle as being owned by my good friend Mickey Johnson. I walked past the car and saw that it was empty. I did see the keys laying on the driver's seat.

I unlocked the station and began servicing customers. I figured Mickey's car needed some repairs and was dropped off during the night. I figured Mickey would call shortly and tell me what repairs his car needed. I believe he delivered pizzas in the evenings at that time and he would need his car that night. I figured if I did not hear from him by 10 a.m., I would give him a call.

Around 8 a.m., I began hearing some noise coming from the trunk of his car. I even noticed the car wiggling a bit. Soon those mumbering noises became shouts of, "Get me out of here!" which were interlaced with profanities.

I grabbed the keys and unlocked the trunk. As the lid opened, I discovered the car's disheveled and confused owner.

We later found out that Mickey and some of his friends were at a lively party. When it was time to leave, everyone concurred that Mickey was in no shape to drive. It was decided that a friend would drive him home in his car. Another friend would follow them to collect the helpful driver.

Well, either Mickey could not give the proper directions to his home, or he did not want to go home in that condition. So, they drove him to our service station and locked him into the trunk. Mickey and I also served together in the Indiana National Guard. I wish my good friend was still alive and well. Many friends and family miss Michael Howard Johnson.

Shonk is a 1960 graduate of Southport High School, a '63 grad of Indiana Central College (now the University of Indianapolis) and a retired bus driver from Beech Grove Schools. He can be reached through email at fdshonk@aol.com.

OBITUARIES

PATRICK GREGORY WALL, 78, of Indianapolis, IN died February 11, 2024 in his home.

He was born on December 22, 1945 to George Kenneth and Catherine Rose (Denwood) Wall in Indianapolis, IN.

Patrick attended Emmerich Manual High School. He then went to University of Indiana in Evansville, IN where he majored in Math. Patrick joined the United States Navy and served on the *USS Shadwell* Ship in Europe.

He married Ann Lynn Hyland on April 20, 1968 at St. Benedicts in Evansville, IN.

He worked as a Sales Representative at Shelby Business Forms and retired in 2001.

Patrick loved all things water. Boating, fishing and water sports, just to name a few. When he wasn't on the water you could find him either at the American Legion playing darts or spending time with his family, friends and grandchildren, his beloved dog and best friend, Bella, not far behind. Patrick was known for his bad jokes and never passed on a "good" Dad Joke.

Patrick is survived by his wife, Ann Wall; children Pamela (Kenny) Rodgers and Jimmy (Debbie) Wall; Siblings, John (Betty) Wall, Kevin (Sarah) Wall, Mike Wall, Grandchildren; Aaron (Morgan Warner) Morrow, Brittney (Kyle) Jones, Alicia (Brandon Warner) Morrow, Chelsey (Cody Burt) Wall, Kayla (Xavier Hampton) Wall, Analyn Morrow, Nevaeh Edwards and Serenity Edwards, Great Grandchildren; Jullian Morrow, Kelli Whitley, Gavin Warner, Noah Wilson, Nico Morrow, Kamila Hampton, Tristan Warner, Nyjah Morrow and Cohen Burt, Cousins; Bill Love and Chet Hamilton, Dear Friends; Chris Dolne and Penny Inman who is like a daughter to him.

He is preceded in death by his Parents; George and Catherine Wall and Brothers; Kenny and James Wall.

Condolence cards and flower arrangements can be sent to 4917 Ingleside Lane, Indianapolis, IN 46227.

A graveside service was held on Tuesday at Crown Hill National Cemetery.

Newcomer Funeral Home handled arrangements.

Boys' sectional championship games at three Southside sites

By **Al Stilley**
Editor

Southport, Beech Grove, and Lutheran are Southside sites of sectional action this week with all sectional semifinals Friday and championship games Saturday night.

Four Southside high school boys' basketball teams see action for the first time in the IHSAA sectionals. Eight teams saw action Tuesday (too late for deadline) on the opening night.

Southport and Perry Meridian meet for the winner-take-all Battle of Perry Township today (Wednesday) at 7:30 p.m. in the 4A Southport Sectional with the winner advancing to the second game of the semifinal twin-bill Friday at 7:30 p.m.

Decatur Central has its first sectional contest Friday at 6 p.m. also at Southport against the winner of the Roncalli-Franklin Central opener Tuesday.

Highly regarded Greenwood Christian Academy meets

Providence Cristo Rey at 6 p.m. today (Wednesday) in the Class A Sectional at Lutheran. The winner advances against the Central Christian-Eminence winner in a semifinal match-up Friday at 7:30 p.m. Host Lutheran opened Tuesday against Victory College Prep with the winner facing Tindley at 6 p.m. Friday

All Southside teams closed out their regular seasons last week in their final tune-ups last week for this week's sectional action.

In all-Southside dual Friday, Whiteland dominated visiting Beech Grove, 81-64 as the Warriors' 1-2 punch of Jaskirat Banwait and Wiatt McLaughlin combined for 42 points against the Hornets. Banwait was 6-for-6 from the 3-point line for a 27-point game, while McLaughlin added 15 points and two steals. Griffin Matracia, 13 points, and Simeon McIntosh, 10 points, paced the Hornets. The Warriors closed with their third straight homecourt win.

On the same night, Franklin Central snapped a three-game losing skid by edging visiting Chatard, 64-58;

Greenwood's three-game winning streak was broken by visiting No. 15 New Palestine, 70-52; and visiting Brebeuf Jesuit spoiled senior night at Roncalli, 67-55.

Center Grove, ranked No. 13 in the top-20 state coaches' poll, traveled to Columbus North with a forceful 70-37 triumph Thursday. CG seniors Joey Schmitz, 15 points, and Peyton Byrd, 11 points, led the Trojans. Nine CG players scored against the host Bulldogs.

Decatur Central ran over Perry Meridian 64-43 with a balanced scoring attack and earned a share of the Mid-State title with Franklin. Four Hawks posted double figures, including freshman Nash Sigmund, 15 points on 5-of-7 shooting; Melakih Cunningham, 13 points and nine rebounds; KC Berry, 12 points; and Ayden Lawson, 10 points.

Greenwood Christian Academy downed host Hauser, 55-40; Lutheran defeated Purdue Poly, 56-49; and Southport fell to visiting Lawrence Central, 58-51.

REQUEST FOR PROPOSALS AND QUALIFICATIONS NEW FIRE STATION 95 PROJECT CITY OF GREENWOOD, INDIANA

I. PROJECT INTRODUCTION:
 In accordance with Greenwood Common Council Resolution 2023-02 and IC 5-23-5, the City of Greenwood, Indiana (the "City"), invites any and all qualified parties to submit Proposals and Statements of Qualifications ("RFPQ") to design, develop, construct, and transfer a potential new fire station (the "Project") in the City under a public-private partnership BOT Agreement (the "BOT"). The purpose and intent of the Project is to fulfill critical public safety needs for the community.

II. PROJECT SCOPE:
 The selected offeror will provide all design, architectural, development services, site work, labor and material to develop and construct the Project. Please note that the City has prepared a set of preliminary Project needs which have been included as Exhibit A.

The scope of the Project is not determined. The final Project scope will be determined through a scoping period with the selected offeror, during which the selected offeror will be required to provide analysis to create a final scope, design and architectural services, and a guaranteed budget. The City has acquired parcel 41-05-11-023-002.000-030 to serve as the site of the Project. Accordingly, site due diligence will need to be completed by the selected offeror to ensure adequate site access and utilities. Exhibit B provides an overview of the Project site location.

The scoping period is anticipated to be a very intense and fast-paced process, with the goal of achieving an agreed guaranteed maximum price in order to accomplish construction completion in 2026. Upon receiving satisfactory scoping period deliverables from the selected offeror, the City will move forward with the Project and selected offeror via resolution or ordinance at a public hearing to complete the construction and development of the Project.

If (1) the selected offeror is unable to produce deliverables satisfactory to the City in its sole discretion, including a desirable budget, or (2) the City determines in its sole discretion that the Project is not necessary or wise based on the results of the scoping period, then the City will begin a new scoping period with another offeror or cancel this RFPQ process altogether. In either event, the resulting scoping period deliverables will constitute works for hire and be solely owned by the City, and the City may retain the information from the scoping period deliverables for its exclusive use and benefit. Further, the City reserves the right to pursue additional or alternate procurement processes if necessary.

III. PROPOSAL EVALUATION:
 The City has formed a committee to review the proposals received. The criteria which will be utilized in evaluating proposals are as follows:
 • 20% - Your experience developing similar projects (20%)
 • 20% - Your demonstrated ability and capacity to perform the work, including your reputation as indicated by your references for performing this type of work
 • 20% - Your approach to develop the Project
 • 20% - Your proposed fees during the scoping period
 • 20% Experience with previous projects procured under the BOT statute

IV. PROPOSALS:
 Please respond to the following requests:
 • Provide description of the project team
 • Identify at least three (3) similar projects you have developed. Include names and telephone numbers to be used as references relative to the listed projects.
 • Provide a proposed schedule for the Project, including proposed dates to start and complete construction, and to convey the improvements to the City. The final Project schedule will be developed during the scoping period, and the schedule provided in the RFPQ response is for preliminary planning and informational purposes only.
 • Provide a proposed approach to scoping, design, and development of the Project.
 • The scoping process may have a somewhat long duration in which time the selected offeror would need to prepare construction/scope analysis,

design-assist deliverables, pre-construction services, and a guaranteed budget sufficient for the City to make a decision on whether to proceed with the Project and/or with the selected offeror. Please identify fees that may be requested by your team during this process. You may offer hourly rates, an overall lump sum, or multiple lump sums segregated by task.
 • Identify requested developer fee to be paid as part of project costs in the event the City elects, in its sole discretion, to proceed with construction and delivery following the scoping period.

V. GENERAL CONDITIONS
 It should be understood that:
 • The City reserves the right to reject any and all Proposals/ Statements of Qualifications at its sole discretion.
 • The City does not require you to submit a certified check or other evidence of financial responsibility with your proposal.
 • The scoping period fee will be an important factor in determining the selected offeror, but the most heavily weighted criteria will be the offeror's experience with similar projects.
 • All offerors will be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. The City may enter into discussions with offerors to clarify and assure a full understanding and responsiveness of proposals.
 • The City may refuse to disclose the contents of the Proposals/ Statement of Qualifications during discussions with eligible offerors.
 • This Project will be procured in partnership with the selected offeror under the BOT statute. The selected offeror will not be subject to further procurement processes under IC § 36-1-12 or any other statute. However, the selected offeror will be required to provide a performance bond and payment bond per the BOT statute.
 • Proposing firms shall not contact City council members, the Mayor, fire department employees, or other public officials during the RFPQ process other than the RFPQ Committee's representative (the "Representative") listed below, unless authorized or directed to do so by the Representative. All correspondence and questions for this RFPQ should be directed to the City of Greenwood's Capital Project Manager, Kevin Steinmetz as follows: Steinmek@greenwood.in.gov
 • The City reserves the right to enter into a Scoping Agreement with an offeror for preliminary development services prior to the City agreeing to move forward with the Project.
 • After the Scoping period, the RFPQ Committee shall either make a recommendation to award the public-private agreement to an offeror, engage another offeror, or shall terminate the request for proposal process.
 • Submittal: An electronic PDF of the Proposal/Statement of Qualifications should be emailed to: Steinmek@greenwood.in.gov
 Proposals must be received by 4:00 PM local time on April 5th, 2024

EXHIBIT A

Fire Department List of Needs
 The following Station 95 Needs is intended for guidance to address a pragmatic roadmap for the current needs while addressing the future needs of the City of Greenwood, Greenwood Fire Department, and the citizens of Greenwood. The assessment is based on best practices and taking in to account the recent rapid growth while also looking at the past growth for the last 20 years. It is important to note that this future Fire Station will need to be a viable resource for the next 30 years and to plan accordingly for that reality. This Assessment will attempt to address the probability of a larger and diversified workforce in the future years to come for the Greenwood Fire Department.

1. Additional Apparatus Bay (3 Total Bays) for future growth.
2. Spatial Needs for a total of Ten (10) Bedrooms with one (1) additional Officer's Quarters.
3. Hose Tower for drying/storage of operational Fire Hose.
4. Individual/Jack and Jill/ or semi-private Bedrooms.
5. Commercial Grade Kitchen/HVAC/Utility/Window Systems
6. Commercial grade or Thirty (30) Year Roof that is not Flat
7. High Efficiency LED Station Lighting
8. High Efficiency Windows and Buildout
9. Decontamination Room that enters main area off Fire Bay
10. Storage/Future Office Space on a second Level
11. Fitness area large enough to accommodate 6-8 personnel for future needs
12. Computer Lab for Software Training
13. Dayroom and Bedrooms in close proximity to Apparatus Bays to support responsible Turnout times.
14. Transom Window Design Option

HOROSCOPE

ARIES (March 21 to April 19) The adventurous Arian won't be disappointed when taking on a new challenge, despite some initial misgivings. Look for this move to open up other opportunities down the line.

TAURUS (April 20 to May 20) Let that beautiful Bovine smile not only put you at ease, but also show that you're ready, willing and more than able to confound the naysayers around you. Meanwhile, a new admirer has important news.

GEMINI (May 21 to June 20) Be careful how you handle a relationship that you're hoping to save. You already have the facts on your side. Avoid weakening your position by embellishing it with dramatics.

CANCER (June 21 to July 22) Taking definitive stands isn't easy for the often-wavering Moon Child. But you not only need to stay with your decision, but also reassure others that it was the right thing to do.

LEO (July 23 to August 22) As a proud Lion, you're right to be upset about those who might be lying about you to others. But the best revenge is proving them wrong by succeeding at what you set out to do.

VIRGO (August 23 to September 22) Caution is still advised before making a financial commitment to a "promising" project. Look for the facts behind the fluff. Devote the weekend to loved ones.

LIBRA (September

23 to October 22) A Taurus offers comfort and advice as you deal with an upsetting event. Use this as a learning experience that will help you avoid similar problems in the future.

SCORPIO (October 23 to November 21) A romantic situation creates some chaos for single Scorpions, but it's well worth the effort to work things out. A trusted friend can offer some helpful advice.

SAGITTARIUS (November 22 to December 21) Expect to make new friends as

your social circle expands. Also, remember to tell a certain family member how proud you are of their achievements.

CAPRICORN (December 22 to January 19) New ventures continue to be favored. And with your self-confidence rising all the time, you'll want to see how well you can do with a new challenge. So, go toward it.

AQUARIUS (January 20 to February 18) This is a good time for the usually serious-minded Aquarian to let loose and enjoy some fun times. Expect to get good news about a workplace issue.

PISCES (February 19 to March 20) Changed plans

might upset some people, but your needs should be respected. Offer explanations when necessary. But don't let yourself get talked into changing your decisions.

BORN THIS WEEK: You have a gift for bringing people together. You would make a fine judge or counselor.

News from Eskenazi Health

Do Not Wait to Get Screened for Colorectal Cancer

By Sarah Stelzner, M.D.
Eskenazi Health

You may have heard that the recommended starting age for colorectal cancer (CRC) screening is now 45 years old instead of 50. What you might not know is why: a rising number of those under 50 are developing and dying from the disease. CRC Awareness Month is upon us, and there is no better time to consider getting screened.

Worldwide, colorectal cancer falls just behind lung cancer as a killer. While CRC deaths continue to rise among younger populations, death rates have fallen overall for CRC, likely due to screenings among older populations. Percentages of those 50 years old and older being screened increased from 35% to 66% between 1987 and 2010, according to an April 2021 study in JAMA led by Dr. Lola Rahib.

During a colonoscopy — one type of screening — doctors can check for cancer and remove polyps at risk of becoming cancerous. In other words, CRC may be one of the biggest cancer killers, but it is often preventable and less dangerous if caught early. The CDC estimates that 68% of deaths from it could have been avoided with screenings.

Unfortunately, those under 50 are often unaware that they can develop the disease, so they will miss warning signs. Typical symptoms of CRC include changes in bowel trends, bloody stool, weight loss with no known source, diarrhea, constipation, a feeling that your bowels have not emptied and persistent abdominal pain, cramps or aches according to the CDC. The Mayo Clinic identifies a shorter list of symptoms for early-onset CRC (diagnosed before the age of 50): bloody stool, bowel movement changes, bloating and pelvic or abdominal pain.

Even with no CRC symptoms, you should get tested regularly if 45 and older since not every cause or risk of the disease is known. If you are at greater danger of CRC — for example, if you or your family have a history of this cancer or of certain polyps or if you have inflammatory bowel disease — talk to your doctor about getting an early screening.

Most insurance plans and Medicare will cover CRC screenings for anyone in the recommended age group, typically without a co-pay or deductible. Some insurance plans that pre-date the Affordable Care Act (2010) may be exempt from this coverage. Note that the screening your insurance covers will not automatically be a colonoscopy; blood and stool sample tests are also CRC screening methods.

Protect yourself from CRC by asking your provider for a screening referral. If you do not have a primary care provider yet, call Eskenazi Health Center Primary Care at 317-880-7000 to schedule an appointment

with one.

The study by Dr. Rahib et al. estimates that the rise in younger populations developing CRC will continue for the next 20 years, eventually causing it to become

the second leading cancer for those 20 to 49 years old. Let us all do what we can to lower this escalation and help ensure parents can be there for their children by spreading awareness about this disease.

Remarkable care.

Extraordinary talent.
