## Strange BUT TRUE

By Lucie Winborne

\* In 2018, Nataraj Karate set a new Guinness World Record by stuffing 650 drinking straws in his mouth at once. He had to keep them there for at least 10 seconds to break the previous record.

\* Human blood cells have different lifespans.

\* Dollar bills weren't always green. Colonial money, for example, was tan with black or red ink. The Civil War government began using green ink to print paper money because it didn't fade or easily decompose, which protected against counterfeiting.

\* Auto manufacturer Volkswagen makes not just vehicles, but currywurst sausages.

\* The first hot-air balloon flight, in 1783, took off with a sheep, a duck and a rooster on board, as it was unknown how the human body would react to flying at high altitudes. (They landed safely.)

\* Queen Elizabeth II visited the set of the TV series "Game of Thrones" but couldn't be seated on the throne due to an old rule that "the ruling monarch can't sit on a foreign throne."

## Hawks out to prove a new point

Decatur Central's football seniors are, in numerical order, 0 Elijah Tramil, 2 Presley Newkirk, 3 Chris Richmond, 5 MJ Campbell, 8 Breydon LaFollette, 22 KC Berry, 29 Jalyn Shanks, 34 Stephen Oyatayo, 35 Halbert Aguirre, 44 Brandon Vinson, 48 Jason Watkins, 55 Nathan Calahan, 64 Javian Jones, 71 Connor Bentley, 74 Davion Moorman, 77 Landen Nelson, 87 Joey Tribbey, 90 Zaire Keys and 93 Mounir Yaro.

When not wearing their uniforms, the Decatur Central football players sport T-Shirts with a motto: "Something to prove."

When asked what that something was, coach Kyle Enright answered: "Everything!"

The meaning is obvious. In 2022, the Hawks struggled after losing 13 players to college football. They went 2-5 in the Mid-State Conference and 4-7 overall. Their season ended with a 13-10 loss at MSC rival Plainfield in the first round of the Class 5A sectional tournament.

Enright said proving something began following that season. "We went to work in the classroom, in the weight room and in the community," he explained.

"With a focus on being great people and students, leaders emerged and huge strides were made in getting back to the winning standard that has been a part of DC football for years."

He's right about that. Just a year earlier, the Hawks won the MSC by going unbeaten in all seven games. They won eight straight games before falling to Cathedral in the second round of the postseason, finishing 9-2 overall.

A year earlier, they were 5-1 and 8-3, and 7-0 and 9-3 in 2019. And in 2018, they won the MSC at 6-1 and raced all the way to the Class 5A state championship game at Lucas Oil Stadium before falling and finishing 12-2.

For the Hawks, this new roster is more than what Enright labels "a solid core of seniors."

Again, they'll turn to quarterback Bo Polston, who completed 122 of 229 passes as a freshman, totaling 1,683 yards and 15 touchdowns. He was the No. 3 rusher with 347 yards and three more scores. The 6-2 180-pound sophomore has plenty of help, as four of

— Kyle Enright

the top five rushers and three of the top four receivers return.

KC Berry, now a 5-11, 165-pound senior, led DC in rushing last season with 711 yards on 96 carries, averaging 7.4 yards per rush.

Fa'Rel Carter, a 5-11, 160-pound sophomore, was last year's No 2 receiver with 21 catches for 258 yards. Chris Richmond, now a 5-7, 145-pound senior, was right behind with 15 grabs for 243 yards, followed by Berry with 10 receptions for 229 yards.

Those weren't huge numbers, but last year, the offense was very young.

Now, many of them are among those seniors to whom their coach was referring: 6-1, 220-pound running back/linebacker Halbert Aguirre, 6-4, 305 two-way lineman Javian Jones, 5-10, 175 running back/defensive back Breydon LaFollette, 5-7, 145 wide receiver/defensive back Chris Richmond, 5-10, 200 linebacker Stephen Oyatayo, 6-0, 230 tight end/defensive lineman MJ Campbell and 5-7, 155 wide receiver/defensive back Elijah Tramil.

Enright is also relying on experienced juniors like 5-11, 180 quarterback/linebacker Brycen Bonawitt, 6-0, 155 running back/defensive back N'Po Dodo, 5-11, 160 kicker/punter Ashton Vogel and 5-11, 160 wide receiver/defensive back Eric Amanfo.

Vogel earned All-MS-C honors last season after averaging 34.6 yards on 17 punts and 49 yards on 42 kickoffs. He was good on 22 of 26 conversion kicks and kicked five field goals in seven attempts, scoring 37 points. "He will be a major weapon in the kicking game for the Hawks," Enright predicted.

Whereas the 2022 team lost many offensive players, this year is the opposite.

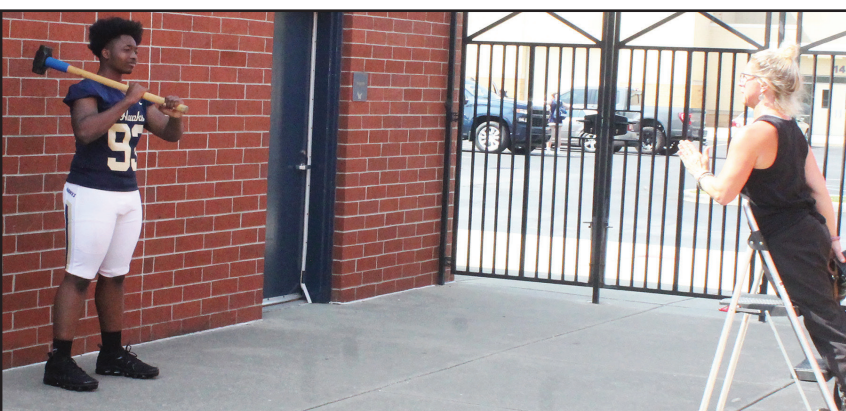

"Only four of the top 10 tacklers return on defense, so new faces will be counted on to step in and replace those who graduated," Enright said. "We will need a very talented and large sophomore class to step in and fill the holes left by graduates."

They'll have to fill them quickly. The Hawks open their season Aug. 18 when they travel to Class 6A Columbus North, which was 5-6 last season. Then they return home Aug. 25 to host New Palestine, which won its first 12 games before falling to Roncalli in the Class 4A state semifinals.

They open Mid-State Conference play Sept. 1 at Whiteland, the Class 5A state runnerup.

### A VERY HAPPY ANNIVERSARY OF MY 39TH BIRTHDAY

Saturday was August 5th, the date that I celebrate my birthday. I do that because when I was very young, my parents explained to me that August 5th was really the day I was born. Like I always did, I paid attention to them and still use August 5th to celebrate.

Over the past several years, I have been treated to some nice birthday parties. I have been surprised at a couple of them and I have enjoyed some sort of quiet family parties.

A few days ago, as I was putting together my column about our old house on Madison Avenue, I remembered listening to radio shows with my parents. One of our favorites was the Jack Benny Show. When Jack Benny reached the age of 39, he stopped increasing the years.

A few years ago, when I reached that age, I adopted his idea. Now, each year, I have a birthday and an anniversary for the number of years that I have claimed the age 39. I'm sure that Jack is very proud of how I am carrying on his tradition.

This year, I have been overwhelmed with special birthday messages from my friends and family on Facebook. Each time I would read one of those "Happy Birthday" messages I would have a special group of memories that involved myself and the message sender. Many of the messages said only a few words including, "Happy Birthday". Many times, I could hear their voice as I read it.

I got messages from friends from my old Madison Avenue neighborhood. There were notes from former Edgewood Grade School classmates. Southport High School classmates sent several also. I received one from a fellow that I served in the Indiana National Guard with for a few years. I was also happy to receive a couple of notes from former riders of my school bus that I drove to Edgewood Grade School.

There were notes from former colleagues and customers that I became acquainted with during my years in the industrial supply business. These friends are from both Indiana and Michigan.

By far, the largest group of messages came from former riders, their parents and the staff at Beech Grove City Schools. I have been so honored to be able to stay connected with all of these special people.

It was so nice to also get notes from several of the *Southsider Voice* staff. We all work from different locations and seldom see each other in person. They all do a great job and I'm honored to be a small part of it.

I also received several cards in the mail and a few telephone calls. I have friends and family in Texas and several friends in Florida. The notes and calls keep coming in.

I found out the three families were also celebrating birthdays of grandchildren on August 5th. I sent a couple of notes that explained that I had a couple of things in common with those special grandchildren. I told them that we shared the same birthday. I explained to one of them that I had also been in the 6th grade, and the other one that I had also been 4-years-old.

I had a wonderful time celebrating both my birthday and the anniversary of my 39th birthday.

Next up will be Simon's birthday on September 7th. *Shonk is a 1960 graduate of Southport High School, a '63 grad of Indiana Central College (now the University of Indianapolis) and a retired bus driver from Beech Grove Schools. He can be reached through email at fdshonk@aol.com.*

# HOROSCOPE

**ARIES** (March 21 to April 19) Mars, your ruling planet, helps you deal with career challenges in a way that reflects some of your own hidden strengths. This impresses some important decision-makers.

**TAURUS** (April 20 to May 20) Your strong Bovine will, combined with your romantic nature (you are ruled by Venus), helps turn a romance with a potential for problems into one with more positive possibilities.

**GEMINI** (May 21 to June 20) Mercury's influence creates some unsettling moments, but nothing that you can't live with. You'll soon learn more about a major change that is about to be revealed.

**CANCER** (June 21 to July 22) Opportunities for you are like the phases of the Moon -- constantly appearing and reappearing. So, cheer up. The opportunity you thought slipped by will be replaced by another.

**LEO** (July 23 to August 22) An opportunity that you hoped would open up for you remains closed. Stop wasting time scratching at it. Something else you'll like will soon make itself apparent and accessible.

**VIRGO** (August 23 to September 22) Congratulations. You'll soon hear some positive feedback for all of the hard work you recently put into a project. Meanwhile, a Pisces could soon swim into your personal life.

**LIBRA** (September 23 to October 22) Someone whose friendship you felt you had to write off will try to revive it. What

you do is up to you, but don't do it without giving it considerable thought.

**SCORPIO** (October 23 to November 21) A job-related plan might need to be reworked to allow for changes. Lucky for you, there's strong planetary influences that can help you focus on getting it done right.

**SAGITTARIUS** (November 22 to December 21) This is a good time to move into areas of self-discovery. You might be surprised about who you really are and how you really relate

to those around you.

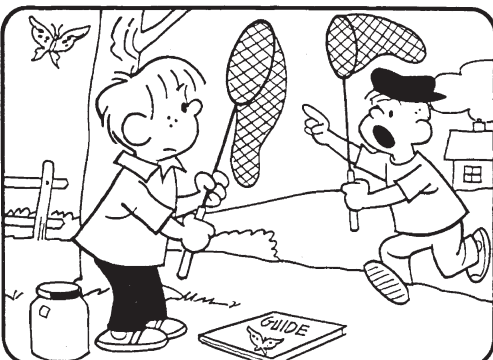

**CAPRICORN** (December 22 to January 19) Expect to confront someone who will make an unwelcome request. Stand by your resolve to do the right thing, no matter what "persuasion" might be offered.

**AQUARIUS** (January 20 to February 18) A friendly competition could become more contentious than you expected. Take time out to discuss the reasons behind this unexpected change and act accordingly.

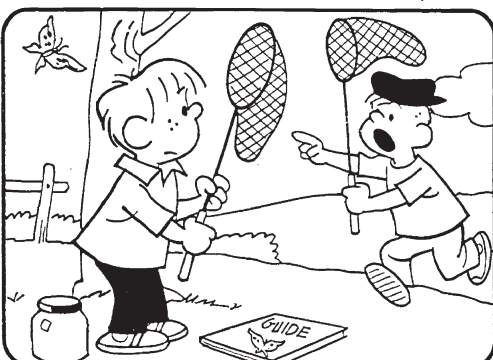

**PISCES** (February 19 to March 20) You have a wonderful mind for solving mysteries, so you should feel confident about solving the one that develops very
